

AN OPEN LETTER To MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of *Chas. H. Fletcher* on every wrapper. This is the original "PITCHER'S CASTORIA," which has been used in the homes of the Mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of *Chas. H. Fletcher* on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

Indications That the Tariff Bill Will
Pass This Week.

TWO DAYS' DEBATE IN HOUSE

Report of the Conference May Be Made Late Today—Democratic Senators Will Assail the Sugar Compromise—General Woodford Dined by De Lome—Other Washington News.

WASHINGTON, July 19.—The indications are that the tariff bill as agreed to by the Republican conferees Saturday probably will have passed both houses of Congress and be a law at the end of the present week. Delays and complications, now unanticipated might somewhat prolong the final struggle. The Republican conferees worked hard all yesterday consulting and arranging the details of the report for submission to their Democratic colleagues. The bulk of this work has fallen upon the shoulders of Senator Allison and Governor Dingley, who are preparing the statements of the effect of the changes made by the conferees which will be submitted to their respective houses. They had a small army of clerks at work in the room of the senate committee on finance preparing the bill for the printer.

It is not believed that there will be any disposition on the part of the Democratic members of the conference to delay the bill in full committee, but the Democrats have had no meeting to determine their course of action on this point. Governor Dingley expressed the opinion last night that an hour would be sufficient time in which to explain the changes made by the conferees to their minority colleagues on the committee.

The Republican leaders of the house have decided to give two full days for the discussion of the report in the house. The report must of course be acted upon by the house before it is considered in the senate. It is not believed that a single Republican vote in the house will be recorded against the report.

The programme in the senate is much more indefinite on account of the wide latitude allowed for debate and the absence of any parliamentary method of bringing the report to a vote. The Democratic senators intend to assail the compromise on sugar, and to make a pretty stiff fight, against the restoration to the dutiable list of cotton bagging, cotton ties, burlaps, etc., which they succeeded with the aid of the Populists and silver Republicans in placing on the free list. They also will make strong opposition to the restoration of white pine to the house rate of \$2 per thousand.

No one imagines seriously that the report is in any danger in the senate when it comes to a final vote. And, moreover, the most prominent of the Democratic senators freely express the opinion that the fight in the senate, though it may be spirited, will be brief. They believe a vote will be reached within three days in the senate.

DINED BY DE LOME.

Spanish Minister Gives a Dinner to Hon. Stewart L. Woodford.

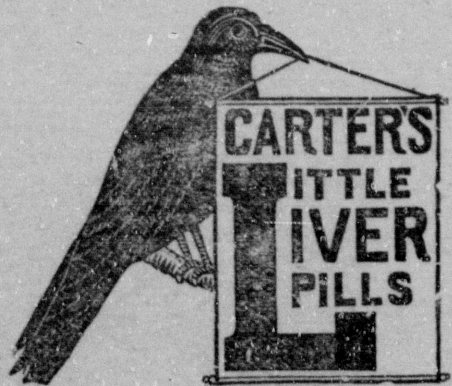

WASHINGTON, July 19.—Senator Deputy de Lome, the Spanish minister, and Senora de Lome entertained at dinner last night Hon. Stewart L. Woodford, the newly appointed minister to Spain, and Mrs. and Miss Woodford. The guests invited to meet them were: Assistant Secretaries Day and Adee of the state department, the Portuguese minister and Viscountess Thyroso, Senor Rengifo, the Colombian charge d'affaires, and Mrs. Rengifo; Mr. Meron, the Argentine minister; Miss Drain, Senor Soler, first secretary, Senor Galaz, third secretary, and Senor Almeida, attaché, respectively of the Spanish legation.

Register of Copyrights.

WASHINGTON, July 19.—Thorwald Sollberg of Boston has been appointed register of copyrights. Librarian John Russell Young notified him of his selection on Saturday and yesterday Mr. Sollberg wired his acceptance and stated that he would take charge tomorrow. There were a large number of applications for this position, which next to that of chief assistant librarian, is the most important on the staff of the new library.

Will Restore Consular Fees.

WASHINGTON, July 18.—It will be good news for the people who have been lucky enough to secure consular appointments as well as those who rest in confident expectation of favors of that kind in the near future to know that the president

EPWORTH LEAGUE.

Five Month Meetings Held at Toronto Yesterday.

TORONTO, July 19.—Five month farwell rallies last night closed the greatest convention the Epworth league has ever held. All five meetings were marked by great outbursts of religious fervor, and the delegates separated with many solemn vows to remain steadfast and devote their lives to the service of Christ.

At Massey musichall the greatest meeting was held, the building being crowded to its fullest capacity by over 5,000 persons. Addresses were delivered by Dr. John D. Pickles of Boston, Rev. G. P. Rose of Montreal and Rev. J. H. Hollingsworth of Greenacres, Ind.

Forest Fires in California.

SAN FRANCISCO, July 19.—Forest and field fires are doing much damage in various parts of this state. Near the town of Red Bluff about a dozen residences have been burned, cattle rangeland destroyed and standing crops are threatened. The loss is already over \$100,000.

JAPAN AND HAWAII.

Ex-Consul General Lillibridge Writes Senator Hanna on the Subject.

COLORADO SPRINGS, Colo., July 19.—H. P. Lillibridge, who was consul general from Hawaii to Japan during the reign of King Kalakaua, has written a letter to Senator Hanna in which he says:

Please say to both McKinley and Sherman that I know whereof I speak, when I tell you the designs of Japan on Hawaii are exactly as intimated in the editorials of the Japan Herald, notwithstanding all the denials that Hoshi Toru Sami can make.

Ever since Japan captured the Lu Kiu islands in 1875 the bee of conquest has been buzzing in her headgear. Her more recent success in Korea and China, and her acquisition of Formosa, as well as the submissive, undignified, weak vis-a-vis which our government of political jobs presents to them and to Spain, furnish all the incentive and encouragement necessary to justify Japan's idea that Hawaii will be an easier conquest than any that have gone before, if she moves quickly.

LOGAN DAY.

Magnificent Pyrotechnic Display and Reception to Follow Unveiling of Statue.

CHICAGO, July 19.—One of the most elaborate features of Logan day will be the magnificent pyrotechnic display and reception at the Coliseum gardens and Coliseum proper in the evening following the unveiling of the great statue of General Logan on the lake front. Governor Tanner of Illinois and General Brooke, U. S. A., commanding in Chicago, have been asked to co-operate in making the Coliseum portion of the exercises a fitting close to the great day.

It has been arranged for a grand public reception following the fireworks display, when the hundreds and thousands of old soldiers will be given an opportunity to pay their respects to President McKinley. Mrs. Logan and other members of the distinguished party of guests. The fireworks display will be the most gorgeous one attempted since the magnificent exhibition on Chicago day at the World's Fair.

NEW WHEAT.

Railroads Preparing to Move the Immense Crop of the West.

KANSAS CITY, Mo., July 19.—Long trains of empty freight cars have rolled out of Kansas City for two weeks and dropped off in twos, threes and fives on the side tracks along the lines of the railroads in Missouri, Iowa, Kansas, Nebraska and Oklahoma. These empty freight cars, of which there are thousands, will be filled with new '97 wheat inside of four or five weeks. A tremendous grain rush is expected, and the best of management by railroad officials will be needed to prevent a huge grain blockade or a grain-car famine. Conservative estimates of crop statisticians place the yield of wheat for this year in Kansas alone at 60,000,000 bushels.

HONORING JUAREZ.

Imposing Ceremonies on the Anniversary of His Death.

MEXICO CITY, July 19.—The anniversary of the death of President Juarez took place yesterday with imposing ceremonies, participated in by President Diaz and his cabinet and many civic bodies. The Masonic Order was especially conspicuous, all the prominent Masons attending at the tomb of the venerated liberal statesman at San Fernando cemetery within the city. The tomb was fairly covered with splendid tributes. Minister Mariscal of the foreign relations department pronounced an eloquent oration. Flags were at half mast all over the city.

COAL MINERS' STRIKE

West Virginia Operators Threaten to
Employ Italians and Negroes.

EUGENE DEBS IS IN DEMAND.

Monongah Men Say They Will Strike as Soon as the A. R. U. Man Comes Into the District—Bloodshed Is Feared in Some of the Districts—News From Other Points.

WHEELING, July 19.—Just why it is so may be a mystery to some, but it is a fact nevertheless, that Eugene V. Debs will be able to do more just now toward bringing out the miners in the Fairmont region than at any other man.

A big meeting at Monongah yesterday demonstrated this when a local miner got up and declared that as soon as Debs came into the region the men would strike and that his influence would be greater than all the offers of the operators to pay bonuses on coal mined. This sentiment was loudly cheered. The organizers at work there admit that he must be brought into the field and last night it was announced that he will be at Fairmont tomorrow. Everybody wants to hear Debs.

Yesterday's meeting at Willow Tree schoolhouse for the Monongah miners was a success as to numbers and enthusiasm, but there was a serious cooling off of enthusiasm after the meeting was over and the organizers departed.

The Monongah men went to work as usual this morning. They will wait until tomorrow, when Debs is advertised positively to come, before taking any action. At yesterday's meeting Hugh McDonald, a local miner, presided, and W. D. Mahon of Detroit delivered the address.

By actual count there were 324 men present, of whom all but 10 were miners and all but about 20 Monongah men. There was loud cheering and lots of it, especially when Mahon read a message from a Norfolk and Western organizer sending good news.

Men in the audience pledged the Monongah men to go out this week. When a date to strike was called for everybody rose, and the cheering lasted five minutes.

The men at O'Donnells, Aurora, Flemington and Bates mines are still out and will not go back. The operators expect all Fairmont to be out at the end of the week or sooner. They threaten to close their coke ovens and put the negroes and Italians into the mines, and this means positive trouble and possibly bloodshed. The operators had men at yesterday's meetings taking notes of everything said and done. Coal is too badly needed, however, for any of the miners to fear dismissal. The strike sentiment is growing slowly and Thursday is the limit generally placed upon work.

The railroads are rushing things and 1,000 cars of coal were shipped yesterday. Passenger trains on the Baltimore and Ohio still stand out of the way of King Coal. In the Norfolk and Western region yesterday the strikers made gains in some sections and losses in others. Big mass meetings were held in Flat Top yesterday and it looks as though four more of the largest mines will be idle before night, though the men dislike to give up the good pay they are now making and are vacillating between desire and what they feel to be a duty.

The Elk Horn operators believe their men will return by Tuesday. The placing of guards at some mines is having a disquieting influence and may make trouble. The contest between the representatives of the labor organizations and the local interests throughout the region is terrific, but the strikers seem to have the best of it. About one half the men are working to-day. On the Wheeling and Lake Erie, in the Eastern Ohio district, the operators have again given up hope of getting men before the strike is settled.

The United States marshals are all gone but three, and they are doing detective work.

The murderer who, at dead of night, creeps, stealthily out to bury the dead and mangled body of his victim inspires men with horror and dread. There is a murderer abroad who yearly slays one-sixth of all the human race who go down to untimely deaths. This dread monster is called consumption. The approach of consumption is slow and insidious. First there is a slight disorder of the digestion. The appetite is poor and the nourishing properties of the food are not properly assimilated. The blood becomes thin and impure. The body begins to starve. Old tissues of the body are not properly replaced by new. The lung tissues are not properly nourished and are inert and half dead. In this condition they offer a good soil for the germs of consumption which invade and attack them.

This operation is promptly reversed by Dr. Pierce's Golden Medical Discovery. It invigorates the digestion and appetite and makes assimilation perfect. It builds up and purifies the blood. It makes new and healthy tissue to replace the old, inert matter which it causes to be carried off. It drives out all disease germs. Thousands of cases given up as hopeless have been cured. Miss Laura Pierson of East Bethlehem, Washington Co., Pa., writes: "I must write you telling you of the great benefit derived from the use of your 'Golden Medical Discovery.' Last summer my friends thought I was surely going to die. I was so weak and thin that I could hardly get up. I took one bottle. My cough disappeared and with all the distressing symptoms, and in fact the cure seemed almost miraculous to all who saw me."

CONSUMERS' LEAGUE.

Organization Which Pledges Itself to Buy Only American Goods.

CANTON, O., July 19.—An organization was effected here Saturday known as the American Consumers' league. It will be extended throughout the country. The members pledge themselves when making purchases to give the preference to goods made by American workmen. Manufacturers and dealers are asked to label American goods and packages, so they may be easily distinguished.

Many foreign made goods are now bought and sold, and it is proposed to have the public purchase of our own goods, thus affording more employment to our own working people. The league proposes to furnish the labels for marking the goods, so that they may be uniform and distinguishable anywhere.

IN DISGRACE.

Lieutenant H. Morford Arrested in Camp on Serious Charges.

ST. PAUL, July 19.—Second Lieutenant William H. Morford, Third Infantry, U. S. A., is in close arrest at Camp Lakeview, near Lake City, Minn., where the Third Infantry is spending its summer encampment, on a charge of conduct unbecoming an officer and gentleman.

The specifications are as yet unknown, but are reported to be in connection with money matters. Lieutenant Morford enlisted as a private from Ohio in 1889 and three years later secured his commission as second lieutenant, being assigned to the Third Infantry. Mrs. Morford is quite prominent socially in the east. The penalty for the offense is dismissal.

Victim of a Firecracker.

OMAHA, July 19.—Dan Farrell, Jr., prominent manufacturer and member of the directory of the Transmississippi Exposition company, is dead from lockjaw. On the afternoon of the 6th inst. a firecracker exploded in his hand, injuring that member seriously. For several days Mr. Farrell has hovered between life and death.

Arrowheads and Bullets.

BELLEFONTAINE, O., July 19.—While a 4-foot log was being sawed up at Dickinson's saw struck some obstruction which caused the workmen to investigate. They found a flint arrowhead and a large number of lead bullets imbedded several inches below the surface. The ring marks showed they had been there nearly 200 years.

One Thousand Hungry Men Marching on Cantonburg, Pa.

PITTSBURGH, July 19.—The events in the Pittsburgh coal mining district indicate that there is trouble ahead. The strike has been on for two weeks, with no cause for alarm in any quarters, but the pangs of hunger and mutterings of discontent have taken tangible form. One thousand miners are marching on Cantonburg to get the men out there, and the miners are guarded by deputies. Serious trouble is anticipated.

this county for a good while was had in
the beautiful grove on the Oscar Lewis
farm near Langdon Sunday. Forty
Knights and Ladies of Honor, of Louis-
ville, spent the day there and were

"Never wake the baby to feed him,"
says the good old-time nurse; but if he
can't sleep on account of the colic, give
him Dr. Bull's Baby Syrup. It is safe,
25 cents at all dealers.

If the weather remains favorable a
large part of the wheat crop in this lo-
cality will be threshed this week. Far-
mers generally are holding their wheat
in preference to accepting the present
market price even though it is a third
higher than a year ago.

Old People.

Old people who require medicine to
regulate the bowels and kidneys will
find the true remedy in Electric Bitters.
This medicine does not stimulate and
contains no whisky nor other intox-
icant, but acts as a tonic and alterative.
It acts mildly on the stomach and bow-
els, adds strength and giving tone to
the organs, thereby aiding nature in the
performance of the functions. Electric
Bitters is an excellent appetizer and
aids digestion. Old people find it just
exactly what they need. Price fifty
cents and \$1.00 per bottle at W. F.
Peter's drug store.

Visitors to Lincoln Park in Chicago
Will be delighted with the souvenir
book of this beautiful spot now being
distributed by the Chicago, Milwaukee
& St. Paul Railway Company. It is a
magnificent publication of 96 pages full
to overflowing with delicious half tone
pictures of one of Creation's most
charming places of resort for citizens of
the Great Republic.

No stranger visiting Chicago should
be without a copy of the "Souvenir of
Lincoln Park." It can only be pro-
cured by enclosing twenty-five (25)
cents in coin or postage stamps to Geo.
H. Headford, general passenger agent,
410 Old Colony Building, Chicago.

A Century Run.

E. I. Davis rode to Indianapolis and
back on his bicycle yesterday, distance
of 130 miles. He left here at 12:20 a.
m. and reached Indianapolis at 7:10 p.
m. On the return trip he left Indi-
anapolis at 1:30 p. m. and reached here at

What the People Say

About our great Piano and Organ sale.
All Seymour is talking about it and
they say it is the most remarkable and
greatest piano and organ sale the city
of Seymour has ever known. They
further say that never have such rare
bargains been offered before; and that
they cannot remember when such low
prices have been put on so reliable
pianos and organs.

These are Facts!

And these remarks could have been
heard any day since we inaugurated our
great piano sale. The crowds came and
kept coming and none went away dis-
appointed. For this week additional
pianos and organs have been brought
which will give added impetus to our
sale and make things

Livlier Than Ever.

John P. McLean's Great Newspaper.

Without a single exception, there is no paper of greater or more regular circulation in the United States than the Cincinnati Enquirer; and a more successful publisher than its proprietor, Mr. John P. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: "The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford."

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with real and enterprise in minor matters as well as those of greater magnitude.

BUSINESS NOTICES.

W. R. Day will this week finish the large additions to his residence.

William Black, of Surprise, was granted an increase of pension Saturday.

Edward Lester and John W. Pender, of Crothersville, came up this morning on business.

Ed Moore drove twenty-five miles through swamps to catch frogs, and he got them.

W. H. Leigh, of Marling, was appointed postmaster Saturday in the place of J. T. Conway.

William Jett, of Bloomington, who has been in the city on business went to Indianapolis this morning.

John Stegner, jr., today finished putting in a driven well forty six feet for A. W. Beham of the Bond Saw Mill.

H. L. Arbogast, late of this city, is now employed as an all round man on the Washington Gazette, the leading paper of that city.

Charles Roeger had fifteen bushels of wheat to the acre and Oscar Carter near by had twenty-four bushels to the acre. The latter's land was bone dusted.

Eumons Huron left Sunday morning for Port Huron, Mich., by way of the B. & O. S-W. to attend the biennial convention of the Knights of Maccabees of which he is supreme chaplain.

We would like to look into the pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done.

Dyspeptics and pale, thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh and we cure the disease. Do this with food.

INQUISITIVE SPARROWS.

They May Have Been Hostile, but They Didn't Dare Attack the Cockatoo.

There was trouble and to spare one day last week in a back yard on Brookline Heights. The cause of it was an innocent cockatoo which had flown away from home and found its way to the top of a tree near State street, between Henry street and Garden place. Where the strange bird came from there is no body to tell.

It was first discovered by the large and noisy colony of English sparrows which inhabits that vicinity. The first sparrow to see the foreigner lost no time in communicating the news of its discovery to its mates, and in three minutes no less than 50 sparrows had assembled to examine the strange visitor and exchange views about him. They took places on all sides of the cockatoo and began a chattering which soon attracted attention from all the neighboring windows. They hopped about from branch to branch, but never approached nearer than a yard to the puzzled stranger. For a time the cockatoo viewed the conclusion about him with serenity, but the strain became too much for him, and finally found expression in a series of the most penetrating screeches, accompanied by the elevation of his light green plume, which had previously been partly concealed in his fluffy, snow white feathers. This demonstration added threefold to the wonderment and fright of the sparrows and increased the volume of their chattering in like proportion.

But the unwelcome foreigner soon found that the chattering was harmless, and that the saucy sparrows lacked the courage to make an attack. Finding himself surrounded on all sides by the little nuisances, he gradually worked his way through one side of the circle and out on the end of a branch, where he perched contentedly and viewed his tormentors with the calmest indifference. Having found that the intruder would neither take nor give of fence, the sparrows one by one flew away, leaving the cockatoo to take a nap in peace and quiet.

Meanwhile the cat colony of the back yards had been aroused by the unusual activity of the feathered tribe, and there had been a gradual concentration of the feline forces near the base of the tree which formed the cockatoo's perch. This meant a cat fight as sure as preaching, and it was not long before the hostilities broke out. Then the dogs had their turn, and the cats disappeared, but to the last the cockatoo sat unmolested in his feathered throne.—New York Sun.

A DREAMER.

He is a dreamer. Let him pass. He reads the writing in the grass. His seeing soul in rapture goes Beyond the beauty of the rose. He is a dreamer, and doth know To sound the farthest depth of woe. His days are calm, majestic, free. He is a dreamer. Let him be.

He is a dreamer. All the day His visions find him on his way Past the far sunset and the light, Beyond the darkness and the night. He is a dreamer. God! To be Apostle of infinity And mirror truth's translucent gleam! He is a dreamer. Let him dream.

He is a dreamer. For all time His mind is married unto rhyme. Light that never was on land or sea Hath blushed to him in poetry. He is a dreamer, and hath caught Close to his heart a hope, a thought, A hope of immortality. He is a dreamer. Let him be.

He is a dreamer. Lo, with thee His soul doth weep in sympathy. He is a dreamer, and doth long To glad the world with happy song. He is a dreamer. In a breath He dreams of love, and life and death. O man, O woman, lad and lass, He is a dreamer! Let him pass.

Indications That the Tariff Bill Will Pass This Week.

TWO DAYS' DEBATE IN HOUSE

Report of the Conference May Be Made Late Today—Democratic Senators Will Assail the Sugar Compromise—General Woodford Dined by De Lome—Other Washington News.

WASHINGTON, July 19.—The indications are that the tariff bill as agreed to by the Republican conferees Saturday probably will have passed both houses of congress and be a law at the end of the present week. Delays and complications, now unanticipated might somewhat prolong the final struggle. The Republican conferees worked hard all yesterday consulting and arranging the details of the report for submission to their Democratic colleagues. The bulk of this work has fallen upon the shoulders of Senator Allison and Governor Dingley, who are preparing the statements of the effect of the changes made by the conferees which will be submitted to their respective houses. They had a small army of clerks at work in the room of the senate committee on finance preparing the bill for the printer.

It is not believed that there will be any disposition on the part of the Democratic members of the conference to delay the bill in full committee, but the Democrats have had no meeting to determine their course of action on this point. Governor Dingley expressed the opinion last night that an hour would be sufficient time in which to explain the changes made by the conferees to their minority colleagues on the committee.

The Republican leaders of the house have decided to give two full days for the discussion of the report in the house. The report must of course be acted upon by the house before it is considered in the senate. It is not believed that a single Republican vote in the house will be recorded against the report.

The programme in the senate is much more indefinite on account of the wide latitude allowed for debate and the absence of any parliamentary method of bringing the report to a vote. The Democratic senators intend to assail the compromise on sugar, and to make a pretty stiff fight against the restoration to the dutiable list of cotton bagging, cotton ties, burlaps, etc., which they succeeded with the aid of the Populists and silver Republicans in placing on the free list. They also will make strong opposition to the restoration of white pine to the house rate of \$2 per thousand.

No one imagines seriously that the report is in any danger in the senate when it comes to a final vote. And, moreover, the most prominent of the Democratic senators freely express the opinion that the fight in the senate, though it may be spirited, will be brief. They believe a vote will be reached within three days in the senate.

DINED BY DE LOME.

Spanish Minister Gives a Dinner to Hon. Stewart L. Woodford.

WASHINGTON, July 19.—Senator Deputy de Lome, the Spanish minister, and Senora de Lome entertained at dinner last night Hon. Stewart L. Woodford, the newly appointed minister to Spain, and Mrs. and Miss Woodford. The guests invited to meet them were: Assistant Secretaries Day and Adee of the state department, the Portuguese minister and Viscountess Thyrsio, Senor Rengifo, the Colombian charge d'affaires, and Mrs. Rengifo; Dr. Meron, the Argentine minister; Miss Drain, Senor Soler, first secretary, Senor Galarza, third secretary, and Senator Almeida, attaché, respectively of the Spanish legation.

Register of Copyrights.

WASHINGTON, July 19.—Thorwald Solberg of Boston has been appointed register of copyrights. Librarian John Russell Young notified him of his selection on Saturday and yesterday Mr. Solberg wired his acceptance and stated that he would take charge tomorrow. There were a large number of applications for this position, which next to that of chief assistant librarian, is the most important on the staff of the new library.

Will Restore Consular Fees.

WASHINGTON, July 18.—It will be good news for the people who have been lucky enough to secure consular appointments as well as those who rest in confident expectation of favors of that kind in the near future to know that the president

has finally determined to restore the fees that were cut off by the last administration. The order will be promulgated in a few days.

EPWORTH LEAGUE.

Five Monster Meetings Held at Toronto Yesterday.

TORONTO, July 19.—Five monster fare-well rallies last night closed the greatest convention the Epworth league has ever held. All five meetings were marked by great outbursts of religious fervor, and the delegates separated with many solemn vows to remain steadfast and devote their lives to the service of Christ.

At Massey musical the greatest meeting was held, the building being crowded to its fullest capacity by over 5,000 persons. Addresses were delivered by Dr. John D. Pickles of Boston, Rev. G. P. Rose of Montreal and Rev. J. H. Hollingsworth of Newcastle, Ind.

Forest Fires in California.

SAN FRANCISCO, July 19.—Forest and field fires are doing much damage in various parts of this state. Near the town of Red Bluff about a dozen residences have been burned, cattle ranged destroyed and standing crops are threatened. The loss is already over \$100,000.

JAPAN AND HAWAII.

Ex-Consul General Lillibridge Writes Senator Hanna on the Subject.

COLORADO SPRINGS, Colo., July 19.—H. P. Lillibridge, who was consul general from Hawaii to Japan during the reign of King Kalakaua, has written a letter to Senator Hanna in which he says:

Please say to both McKinley and Sherman that I know whereof I speak, when I tell you the designs of Japan on Hawaii are exactly as intimated in the editorials of the Japan Herald, notwithstanding all the denials that Hoshi Toru Sami can make.

Ever since Japan captured the Lu Kiu islands in 1875 the best of conquest has been buzzing in her headgear. Her most recent success in Korea and China, and her acquisition of Formosa, as well as the subversive, undignified, weak vis-a-vis which our government of political jobs presents to them and to Spain, furnish all the incentive and encouragement necessary to justify Japan's idea that Hawaii will be an easier conquest than any that have gone before, if she moves quickly.

LOGAN DAY.

Magnificent Pyrotechnic Display and Reception to Follow Unveiling of Statue.

CHICAGO, July 19.—One of the most elaborate features of Logan day will be the magnificent pyrotechnic display and reception at the Coliseum gardens and Coliseum proper in the evening following the unveiling of the great statue of General Logan on the lake front. Governor Tanner of Illinois and General Brooke, U. S. A., commanding in Chicago, have been asked to co-operate in making the Coliseum portion of the exercises a fitting close to the great day.

It has been arranged for a grand public reception following the fireworks display, when the hundreds and thousands of old soldiers will be given an opportunity to pay their respects to President McKinley, Mrs. Logan and other members of the distinguished party of guests. The fireworks display will be the most gorgeous one attempted since the magnificent exhibition on Chicago day at the World's Fair.

NEW WHEAT.

Railroads Preparing to Move the Immense Crop of the West.

KANSAS CITY, Mo., July 19.—Long trains of empty freight cars have rolled out of Kansas City for two weeks and dropped off in twos, threes and fives on the side tracks along the lines of the railroads in Missouri, Iowa, Kansas, Nebraska and Oklahoma. These empty freight cars, of which there are thousands, will be filled with new '97 wheat inside of four or five weeks. A tremendous grain rush is expected, and the best of management by railroad officials will be needed to prevent a huge grain blockade or a grain-car famine. Conservative estimates of crop statisticians place the yield of wheat for this year in Kansas alone at 60,000,000 bushels.

HONORING JUAREZ.

Imposing Ceremonies on the Anniversary of His Death.

MEXICO CITY, July 19.—The anniversary of the death of President Juarez took place yesterday with imposing ceremonies, participated in by President Diaz and his cabinet and many civic bodies. The Masonic Order was especially conspicuous, all the prominent Masons attending at the tomb of the venerated liberal statesman at San Fernando cemetery within the city. The tomb was fairly covered with splendid tributes. Minister Mariscal of the foreign relations department pronounced an eloquent oration. Flags were at half mast all over the city.

COAL MINERS' STRIKE

West Virginia Operators Threaten to Employ Italians and Negroes.

EUGENE DEBS IS IN DEMAND.

Monongah Men Say They Will Strike as Soon as the A. R. U. Man Comes Into the District—Bloodshed Is Feared in Some of the Districts—News From Other Points.

WHEELING, July 19.—Just why it is so may be a mystery to some, but it is a fact nevertheless, that Eugene V. Debs will be able to do more just now toward bringing out the miners in the Fairmont region than any other man.

A big meeting at Monongah yesterday demonstrated this when a local miner got up and declared that as soon as Debs came into the region the men would strike and that his influence would be greater than all the efforts of the operators to pay bonuses on coal mined. This sentiment was loudly cheered. The organizers at work there admit that he must be brought into the field and last night it was announced that he will be at Fairmont tomorrow. Everybody wants to hear Debs.

Yesterday's meeting at Willow Tree schoolhouse for the Monongah miners was a success as to numbers and enthusiasm, but there was a serious cooling off of enthusiasm after the meeting was over and the organizers departed.

The Monongah men went to work as usual this morning. They will wait until tomorrow, when Debs is advertised positively to come, before taking any action. At yesterday's meeting Hugh McDonald, a local miner, presided, and W. D. Mahon of Detroit delivered the address.

By actual count there were 324 men present, of whom all but 10 were miners and all but about 20 Monongah men. There was loud cheering and lots of it, especially when Mahon read a message from a Norfolk and Western organizer sending good news.

Men in the audience pledged the Monongah men to go out this week. When a date to strike was called for everybody rose, and the cheering lasted five minutes.

The men at O'Donnells, Anarora, Flemington and Bates mines are still out and will not go back. The operators expect all Fairmont to be out at the end of the week or sooner. They threaten to close their coke ovens and put the negroes and Italians into the mines, and this means positive trouble and possibly bloodshed. The operators had men at yesterday's meetings taking notes of everything said and done. Coal is too badly needed, however, for any of the miners to fear dismissal. The strike sentiment is growing slowly and Thursday is the limit generally placed upon work.

The railroads are rushing things and 1,000 cars of coal were shipped yesterday. Passenger trains on the Baltimore and Ohio still stand out of the way of King Coal. In the Norfolk and Western region yesterday the strikers made gains in some sections and losses in others. Big mass meetings were held in Flat Top yesterday, and it looks as though four more of the largest mines will be idle before night, though the men dislike to give up the good pay they are now making and are vacillating between desire and what they feel to be a duty.

The Elk Horn operators believe their men will return by Tuesday. The placing of guards at some mines is having a disquieting influence and may make trouble. The contest between the representatives of the labor organizations and the local interests throughout the region is terrific, but the strikers seem to have the best of it. About one half the men are working to-day. On the Wheeling and Lake Erie, in the Eastern Ohio district, the operators have about given up hope of getting men before the strike is settled.

The United States marshals are all gone but three, and they are doing detective work.

Victim of a Firecracker.

OMAHA, July 19.—Dan Farrell, Jr., prominent manufacturer and member of the directory of the Transmississippi Exposition company, is dead from lock-jaw, a firecracker exploded in his hand, injuring that member seriously. For several days Mr. Farrell has hovered between life and death.

Arrowheads and Bullets.

BELLEVILLE, O., July 19.—While a 4-foot log was being sawed up at Dickinson's the saw struck some obstruction which caused the workmen to investigate. They found a flint arrowhead and a large number of lead bullets imbedded several inches below the surface. The ring marks showed they had been there nearly 200 years.

National Union Fraternity.

NASHVILLE, July 18.—Tomorrow the national senate and the national officers of the National Union fraternity and order will meet in this city and remain in session for several days. President W. M. Bayne of Cleveland will preside, and 33 states will be represented.

CONSUMERS' LEAGUE.

Organization Which Pledges Itself to Buy Only American Goods.

CANTON, O., July 19.—An organization was effected here Saturday known as the American Consumers' league. It will be extended throughout the country. The members pledge themselves when making purchases to give the preference to goods made by American workmen. Manufacturers and dealers are asked to label American goods and packages, so they may be easily distinguished.

Many foreign made goods are now bought and sold, and it is proposed to have the public purchase of our own goods, thus affording more employment to our own working people. The league proposes to furnish the labels for marking the goods, so that they may be uniform and distinguishable anywhere.

IN DISGRACE.

Lieutenant H. Morford Arrested in Camp on Serious Charges.

ST. PAUL, July 19.—Second Lieutenant William H. Morford, Third Infantry, U. S. A., is in close arrest at Camp Lakeview, near Lake City, Minn., where the Third Infantry is spending its summer encampment, on a charge of conduct unbecoming an officer and gentleman.

The specifications are as yet unknown, but are reported to be in connection with money matters. Lieutenant Morford enlisted as a private from Ohio in 1889 and three years later secured his commission as second lieutenant, being assigned to the Third Infantry. Mrs. Morford is quite prominent socially in the east. The penalty for the offense is dismissal.

Profiting by Experience.

COLUMBUS, O., July 19.—President Ratchford yesterday summed up the strike situation as follows: "The manner in which the miners are conducting themselves commends itself to the country and strengthens the belief that victory will ultimately crown their efforts. The miners in this instance, profiting by the experience of the past, would neither cause trouble themselves, nor allow themselves to become involved in trouble by the action of others."

Dillonville Will Resume Work.

WHEELING, W. Va., July 19.—The strikers at Dillonville have been notified by the management that the mines there will resume, and that if they do not intend to work their places will be filled with outside men. If the company is in earnest in its expressed intention to bring in outside men the miners' officials predict that there will be trouble at Dillonville.

INSECT'S STING.

Christian Butz Dies After Suffering From Blood Poison.

EASTON, Pa., July 19.—Christian Butz of lower Mount Bethel died in the hospital here from the effects of an insect's bite. Some weeks ago Butz, who was a wealthy farmer, was stung on the hand. He paid no attention to the bite until a few days since, when he came to the hospital suffering from blood poisoning.

Blew Out the Gas.

LIMA, O., July 19.—George Fogk, a business man from Anna Station, came here and put up at the Hoggan House. The night clerk discovered gas in the house and traced it to Fogk's room, which was broken into, and he was found insensible. He would have been dead in a short time had he not been rescued. He had blown out the gas.

Something to Depend On.

Mr. James Jones, of the drug firm of
Jones & Son, Cowden, Ill., in speaking
of Dr. King's New Discovery, says that
last winter his wife was attacked with
La Grippe, and her case grew so serious
that physicians at Cowden and Pans
could do nothing for her. It seemed to
develop into Hasty Consumption. Hav-
ing Dr. King's New Discovery in store,
and selling lots of it, he took a bottle
home, and to the surprise of all she be-
gan to get better from first dose, and
half dozen dollar bottles cured her
sound and well. Dr. King's New Dis-
covery for Consumption, Coughs and
Colds is guaranteed to do this good
work. Free trial bottles at W. F.
Peter's drug store.

ANOTHER GREENLAND.

Explorer Borchgrevink's Firm Belief In
an Antarctic Continent.

In The Strand Magazine C. E. Borch-
grevink reviews briefly the results of
his visit to South Victoria Land in 1895.
He says:

"In my opinion the great southern
continent is the Greenland of the south,
with just as many possibilities. I do
fully believe that hitherto unknown
animal life will be found on South Vi-
ctoria Land. Captain Larsen on the
whaler Jason brought back petrified
wood from Graham Land, south of Cape
Horn, which fact, of course, proves great
climatic changes in those regions dur-
ing succeeding periods. As our knowl-
edge of the great southern continent
now stands, we must believe it really
to be a continent, and not a mere ac-
cumulation of islands, as well from the
appearance of the land, as it has been
sighted nearly all round, as also from
sea soundings, and last, but not least,
from the nature of these specimens of
rocks which I brought back with me
from Victoria Land. If it is all land,
it is probably of an area twice the size
of Australia.

"Already the first sight of Victoria
Land convinces one that it is of volca-
nic origin. The volcanoes of Victoria
Land show a tendency to follow the
same line. From Mount Sabine to
Mount Melbourne the trend is south-
southwesterly. Mount Erebus and Mount
Terror lie almost due south of Mount
Sabine. Farther north from Mount Sa-
bine the great earth fold, on the septum
of which this chain of volcanoes is si-
tuated, probably bends a little westward,
as shown partly by the surroundings,
partly by the position of Balleny is-
land. Northwest of Balleny island the
great fold trends perhaps to the knot-
ting point between the Tasmanian axis
of folding and that of New Zealand, the
former, perhaps, running through Roy-
al Company island, and the latter
through or near Auckland island and
Macquarie island. The knotting point
would probably be somewhere (approx-
imately) near the intersection of the six-
tieth parallel of south latitude with the
one hundred and fiftieth meridian of
longitude east from Greenwich. It
would just join the line of extinct vol-
canoes along east Australia on the west,
and, perhaps, the active volcanic zone
of the North island of New Zealand, or,
at all events, the fold which bounds
that continent on the east.

"Traced in the opposite direction,
the volcanic zone probably runs through
Seal islands, the active volcanoes of
Christensen and Sarssee, and through
Mount Haddington, an extinct volcano
in Trinity Land, to Paulet and Bridg-
man islands, active volcanoes."

FINEST PARK IN THE WORLD.

What John Burroughs and Others Say of
the Rock Creek Reservation.

In his entertaining book "Wake
Robin," and in the chapter entitled
"Spring at the Capital" (pages 105-106),
John Burroughs says: "Outside of the
city limits the great point of interest
to the rambler and lover of nature is
the Rock Creek region. Rock creek is a
large, rough, rapid stream which has
its source in the interior of Maryland
and flows into the Potomac between
Washington and Georgetown. Its course
for five or six miles out of Washington
is marked by great diversity of scenery.
Flowing in a deep valley, which now
and then becomes a wild gorge with
overhanging rocks and high, precipitous
headlands, for the most part wooded
—here reposing in long, dark reaches,
there sweeping and hurrying around a
certain bend or over a rocky bed; re-
ceiving at short intervals small runs
and spring rivulets, which open up vi-
sitas and outlooks to the right and left
of the most charming description—Rock
creek has an abundance of all the ele-
ments that make up not only pleasing
but wild and rugged scenery. There is
perhaps not another city in the Union
that has on its very threshold so much
natural beauty and grandeur, such as
men seek for in remote forests and
mountains. A few touches of art would
convert this whole region, extending
from Georgetown to what is known as
Crystal springs, not more than two
miles from the present state depart-
ment, into a park unequalled by any-
thing in the world. There are passages
between these two points as wild and
savage and apparently as remote from
civilization as anything one meets with
in the mountain sources of the Hudson
or the Delaware."—"Life and Light."

Old People.

Old people who require medicine to
regulate the bowels and kidneys will
find the true remedy in Electric Bitters.
This medicine does not stimulate and
contains no whisky nor other intoxi-
cant, but acts as a tonic and alterative.
It acts mildly on the stomach and bow-
els, adds strength and giving tone to
the organs, thereby aiding nature in the
performance of the functions. Electric
Bitters is an excellent appetizer and
aids digestion. Old people find it just
exactly what they need. Price fifty
cents and \$1.00 per bottle at W. F.
Peter's drug store.

conducted religious services at Holman.

Visitors to Lincoln Park in Chicago

Will be delighted with the souvenir
book of this beautiful spot now being
distributed by the Chicago, Milwaukee
& St. Paul Railway Company. It is a
magnificent publication of 96 pages full
to overflowing with delicious half tone
pictures of one of Creation's most
charming places of resort for citizens of
the Great Republic.

No stranger visiting Chicago should
be without a copy of the "Souvenir of
Lincoln Park." It can only be pro-
cured by enclosing twenty-five (25)
cents in coin or postage stamps to Geo.
H. Headford, general passenger agent,
410 Old Colony Building, Chicago.

A Century Run.

E. I. Davis rode to Indianapolis and
back on his bicycle yesterday, distance
of 130 miles. He left here at 12:20 a.
m. and reached Indianapolis at 7:10 p.
m. On the return trip he left Indian-
apolis at 1:30 p. m. and reached here at
6:45. His running time was eleven
hours. This is probably the best run
ever made by a Seymour wheelman.
He rode a "Success." He was accom-
panied from Columbus by Charley R.

What the People Say

About our great Piano and Organ sale.
All Seymour is talking about it and
they say it is the most remarkable and
greatest piano and organ sale the city
of Seymour has ever known. They
further say that never have such rare
bargains been offered before, and that
they cannot remember when such low
prices have been put on so reliable
pianos and organs.

These are Facts!

And these remarks could have been
heard any day since we inaugurated our
great piano sale. The crowds came and
kept coming and none went away dis-
appointed. For this week additional
pianos and organs have been brought
which will give added impetus to our
sale and make things

Livlier Than Ever.

BUSINESS NOTES.

W. R. Day will this week finish the
large additions to his residence.

William Black, of Surprise, was granted
an increase of pension Saturday.

Edward Lester and John W. Fisher, of
Crothersville, came up this morning on
business.

Ed Moore drove twenty-five miles
through swamps to catch frogs, and he
got them.

W. H. Leigh, of Marling, was appointed
postmaster Saturday in the place of
J. T. Conway.

William Jett, of Bloomington, who has
been in the city on business went to
Indianapolis this morning.

John Stegner, jr., today finished
putting in a driven well forty six feet
for A. W. Beham of the Bond Saw Mill.

H. L. Arbogast, late of this city, is now
employed as an all round man on the
Washington Gazette, the leading
paper of that city.

Charles Roeger had fifteen bushels of
wheat to the acre and Oscar Carter near
by had twenty-four bushels to the acre.
The latter's land was bone dusted.

Emmons Brown left Sunday morning
for Port Huron, Mich., by way of the
B. & O. S. W. to attend the biennial
convention of the Knights of Maccabees
of which he is supreme chaplain.

We would like to look into the pleas-
ant face of some one who has never had
any derangement of the digestive or-
gans. We see the drawn and unhappy
faces of dyspeptics in every walk of life.
It is our national disease, and nearly all
complaints spring from this source. Re-
move the stomach difficulty and the
work is done.

Dyspeptics and pale, thin people are
literally starving, because they don't
digest their food. Consumption never
develops in people of robust and normal
digestion. Correct the wasting and loss
of flesh and we cure the disease. Do
this with food.

The Shaker Digestive Cordial contains
already digested food and is a digester
of food at the same time. Its effects are
felt at once. Get a pamphlet of your

A DREAMER.

He is a dreamer. Let him pass.
He reads the writing in the grass.
His soul is in the rippling waves.
Beyond the beauty of the rose.
He is a dreamer, and doth know
To sound the farthest depth of woe.
His days are calm, majestic, free.
He is a dreamer. Let him be.

He is a dreamer. All the day
His mind is busy with the light.
Past the far sunset and the night.
Beyond the darkness and the night.
He is a dreamer. God! To be
Apostle of infinity
And mirror truth's translucent gleam!
He is a dreamer. Let him dream.

He is a dreamer. For all time
His mind is married unto rhyme.
Light that no'er was on hand or son.
Hath blushed to him in poetry.
He is a dreamer, and hath caught
Close to his heart a hope, a thought,
A hope of immortality.
He is a dreamer. Let him be.

He is a dreamer. Lo, with thee
His soul doth weep in sympathy.
He is a dreamer, and doth long
To glad the world with happy song.
He is a dreamer. In a breath
He dreams of love, and life and death.
O man, O woman, lad and lass,
He is a dreamer! Let him pass.

INQUISITIVE SPARROWS.

They May Have Been Hostile, but They
Didn't Dare Attack the Cuckoo.

There was trouble and to spare one
day last week in a back yard on Brook-
lyn Heights. The cause of it was an in-
nocent cuckoo which had flown away
from home and found its way to the
top of a tree near State street, between
Henry street and Garden place. Where
the strange bird came from there is no
body to tell.

It was first discovered by the large
and noisy colony of English sparrows
which inhabit that vicinity. The first
sparrow to see the foreigner lost no
time in communicating the news of his
discovery to its mates, and in three
minutes no less than 50 sparrows had
assembled to examine the strange visit-
or and exchange views about him. They
took places on all sides of the cuckoo
and began a chattering which soon at-
tracted attention from all the neighbor-
ing windows. They hopped about from
branch to branch, but never approach-
ed nearer than a yard to the puzzled
stranger. For a time the cuckoo view-
ed the conclave about him with serenity,
but the strain became too much for
him, and finally found expression in a
series of the most penetrating screeches,
accompanied by the elevation of his
light green plume, which had previous-
ly been partly concealed in his fluffy
snow white feathers. This demonstra-
tion added threefold to the wonderment
and fright of the sparrows and in-
creased the volume of their chattering
in like proportion.

But the unwelcome foreigner soon
found that the chattering was harm-
less, and that the noisy sparrows lack-
ed the courage to make an attack. Find-
ing himself surrounded on all sides by
the little nuisances, he gradually work-
ed his way through one side of the cir-
cle and out on the end of a branch,
where he perched contentedly and view-
ed his tormentors with the calmest in-
difference. Having found that the in-
truder would neither take nor give of-
fense, the sparrows one by one flew
away, leaving the cuckoo to take a
nap in peace and quiet.

Meanwhile the cat colony of the back
yards had been aroused by the unusual
activity of the feathered tribe, and
there had been a gradual concentration
of the feline forces near the base of the
tree which formed the cuckoo's perch.
This meant a cat fight as sure as preach-
ing, and it was not long before the hos-
tilities broke out. Then the dogs had
their turn, and the cats dispen-
sated, but to the last the cuckoo sat un-
fazed in his tree top.—New
